### **Financial Policy**

Thank you for choosing Valor Oncology to meet your specialized medical needs. We are committed to providing you with the best treatment available. Please understand that payment of your bill is considered part of your treatment. All new patients must complete and sign the Patient Registration and our Financial Policy forms before seeing the physician.

Payment in full is due at time of service for co-payments unless a payment arrangement has been initiated.

Payment plans are accepted upon approval.

We accept cash, check, Visa, Mastercard, Discover, and American Express.

Regarding Insurance: Your insurance policy is a contract between you and your insurance company. We are not party to that contract. We will bill your insurance plan for you, as long as you provide us with correct information. Please be aware that some, and perhaps all, of the services provided may be non-covered services and/or not considered medically necessary under your health insurance plan. You, as the patient, are ultimately responsible for payment of all services provided by Valor Oncology. While payment is your responsibility, we will assist you in negotiating settlement with your insurance company for any disputed claim. Our billing department is available to discuss any questions you may have regarding your insurance or your account 760-688-0819 or via email found on your physician's business card.

Regarding insurance plans where we are a participating or preferred provider: All co pays and deductibles are due prior to treatment. In the event that your insurance coverage changes to a plan where we are not participating, or preferred providers refer to the above paragraph. If you have a secondary insurance, we will bill it for you, as a courtesy, as long as you have provided us with the appropriate information.

Usual and Customary: Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.

Medical Necessary Care: We will only provide you with a service if we consider it medically necessary. Therefore, if your insurance company arbitrarily determines that a service, we have rendered to you is unnecessary, you will be responsible for the bill.

Credit Policy: Accounts are due and payable as of the date billed. Unpaid balances will be considered delinquent after 60 days.

We realize it may be necessary on occasion to arrange installment or other payment programs. If financial problems arise, please contact our billing department as soon as possible by calling 760-688-0819.

If an account becomes past due with no valid reason, necessary action will be taken to recover the account balance due. If your account is placed with an outside collection agency, you will be responsible for all collection fees and all legal fees.

Thank you for understanding our Financial Policy. Please let us know if you have any questions or concerns.

I have read the Financial Policy. I understand and agree to this Financial Policy.

# Patient Billing Process, Important Billing Contact Information, Frequently Asked Questions

Valor Oncology Patient Financial Services is pleased to assist patients in understanding our billing process. Valor Oncology makes every effort to ensure that your care comes first.

#### The Billing Process

As a courtesy, Valor Oncology obtains the referral, required authorizations and bills your insurance company for all medical services provided. Co-pays, co-insurances, and deductibles may accrue as patient balance based on your plan benefits. Upon request, we may provide a quote of the estimated treatment cost based on your plan benefits.

#### **Contact Information**

If you have general questions about your insurance benefits, potential future balances, or payment options please call our Patient Account Representative at 760-688-0819.

#### Frequently Asked Questions

#### How much will I owe?

The amount owed can vary significantly depending on your benefits. You will not receive a statement from Valor Oncology until your insurance has started processing your claims. A complete final statement is issued after treatment that includes total patient responsibility.

### I met my maximum out-of-pocket with my insurance, why am I being asked to pay a co-pay or other patient balance?

If you are being asked to pay a copay or other patient balance and feel you have met your maximum out of pocket, please contact our billing office at 760-688-0819 for assistance. Refunds can be requested by calling the billing department if needed. A refund will be issued electronically back to the card/bank account used for payment within two (2) business days. In the event that the original payment card and/or account is invalid, a refund will be issued via mailed check after your address has been verified. Mailed checks may be expected within two (2) weeks of the refund request.

#### What if I have insurance and cannot afford to pay my portion of the bill?

If you receive a statement reflecting a patient balance during your course of treatment and are concerned about the balance, please call our Patient Accounts Representative at 760-688-0819 to discuss assistance options.

#### Why is a doctor mentioned on my bill or explanation of benefits that I did not see or recognize?

Over a course of treatment, you will be visiting our office frequently, and some visits may only require interaction with a therapist, nurse or other member of the clinical team. During those visits, your specific doctor may not be at the office, but another radiation oncologist is on-site, and they become the "covering doctor" for your treatment that day. In these cases, correct billing requires services on that date be billed under the "covering doctor" instead of your specific doctor.

#### How do I obtain treatment information so I can file a cancer policy claim?

At the end of treatment, please call our patient Accounts Representative at 760-688-0819 to obtain a detailed ledger with needed dates of service, procedure and diagnosis information to file your claim.

#### Why do I have a balance for a date that I did not receive services?

Radiation treatment requires detailed planning by our radiation oncologists and their team. After a consultation, and prior to the start of treatment, our oncologists will perform several treatment planning tasks that are billed to the insurance on dates that you may not actually be at our office. Based on your plan benefits, the insurance may apply a patient balance for those claims.
